

Fall Bible Study

This fall, the Bible Study being offered is a study of the 10 Commandments. We all know what happens to one who falls off a building or some other great height. The law of gravity carries with it a severe penalty. It is one of the laws of nature. If you fall you get hurt. Unfortunately, some of us have to try to change nature only to find out that the laws of nature are true whether we want to believe them or not.

God's laws, the 10 Commandments are the same. We can ignore them and think we can change them, but they still will be true. These commandments were given to us for our protection not to take the fun out of life. In this study we will be looking at who these laws were for, do they still have meaning today and do we really understand them.

Come join us for some stimulating discussion and decisions of how we can face this uncertain future.

The schedule for these classes are as follows:

1:30 PM on Wednesdays at Lehigh Center, Alcore Unit.

3:00 PM at Salem in Gerald Jacoby Pavilion

7:00 PM on Thursdays at the home of Edie Rothrock,

408 Mountain Village Drive, Macungie
